

ADOLESCENT PROGRAMS

Adolescent programs provide substance abuse treatment for adolescents and their families. Outpatient services, crisis intervention, and residential treatment services are offered in our urban and rural communities.

Program Goals:

- Provide developmentally appropriate substance abuse treatment services for adolescents throughout the County
- Increase access to care by reducing wait times to entering programs
- Help youth reach their full potential by ensuring 55% of participants either complete program and/or demonstrate progress
- Promote self-sufficiency by ensuring at least 80% of participants either remain in school and/or educational setting
- Contribute to the decrease in crime by ensuring 90% of participants have no new arrests

WHATEVER YOU DO,
DON'T GIVE UP

That child who upsets you so much is the same little boy or girl who, only yesterday, gave you such joy. They are in way over their heads, and they never needed you quite as much as they need you now. No matter what they say.
